

THE 5th CONFERENCE ON GREEN TECHNOLOGY FOR SUSTAINABLE ENVIRONMENT 2026

GTSE 2026

in conjunction with

SOEHADI REKSOWARDOJO INTERNATIONAL SEMINAR
ON CHEMICAL ENGINEERING (STKSR) 2026

“Innovation - Sustainability - Circularity - Resilience”

9-12 November 2026

The Patra Bali Resort & Villas,
Kuta, Bali, Indonesia

KEYNOTE SPEAKERS

Prof. Tjandra Setiadi

Institut Teknologi
Bandung

Prof. Samir Khanal

The Hong Kong
University of
Science and
Technology

Dr. Oki Muraza*

PT. Pertamina
Persero

*to be confirmed

Prof. Teofil Jesionowski

Poznan
University of
Technology

Prof. Hong Liu*

Chongqing
University

*to be confirmed

Prof. Jin Hur*

Sejong University

*to be confirmed

TOPICS

- Emerging Technologies for Waste and Wastewater Treatment
- Energy and Resource Recovery
- Resource Management in a Circular Economy
- Water Resource Management
- Monitoring and Remediating Air and Artificial Light Pollution

- Emerging and Redefined Environmental Pollutants
- Applied and Nano-enabled Environmental Technologies
- Advanced Analytical Techniques for Environmental Monitoring
- Emerging and Disruptive Environmental Technologies
- Life Cycle Assessment and Digital Sustainability

Award for best presenter and poster

Selected poster will be given flash presentation opportunity (3 minutes) during parallel session

REGISTRATION FEE*

	Early Bird (Before 31 st July)	Regular (After 31 st July)
○ Indonesia (IDR)	3,000,000	3,500,000
○ International (USD)	200	225
○ Student (IDR/USD)	2,200,000 / 150	2,700,000 / 175

POSTER

Regular & Student
(IDR / USD)
1,500,000 / 100

PARTICIPANT (NON-PRESENTER)

Regular & Student
(IDR / USD)
1,000,000 / 75

*Excluding proceeding fee. The publication fee will be announced as soon as the full manuscript is accepted for this seminar.

PUBLICATION

1

Conference Proceeding

All accepted conference papers will be published in a Scopus-indexed conference Proceeding.

2

Special Issues

Selected high-quality papers may be invited for submission to special issues in:

- Case Studies in Chemical and Environmental Engineering (Q1)
- Bioresource Technology (Q1)

3

Regular Issue

Additional selected papers may be considered for publication in the regular issue of:

- Journal of Engineering and Technological Sciences (Q3)

IMPORTANT DATES

Abstract Submission
